

SKY CLIMBER[®]

Openings in the vinyl allow easy operation of hoist:

**Vinyl Hoist Cover
Alpha 1500 Only
Part #: 41008150**

Made of clear vinyl material

Brass Grommet Fasteners to open and close cover.

The hoist cover is useful in protecting hoists from outside contaminants, including paint overspray, sandblast materials, caulk, rain and other hazards. Strategically placed openings make it easy to operate the hoist while covered. Covers slip on and off by using engaging brass grommets. The clear vinyl allows the operator to have a continued visual on the hoist during operation.
